Instruments Set Loans to Organisations

What is it?
We can provide sets of instruments for schools and organisations that need to borrow them over a period of at least 1 term and up to 1 academic year (3 terms).

What do we provide?
- Requested instruments for your activity
- Delivery and collection from your location if requested (additional charge)
- Sufficient playable instruments for the activity based on the numbers you advise to us (NB keyboards are provided normally on a 1:2 basis)
- Beaters or other accessories needed for the activity

What responsibilities do you have?
- Care of the instruments while they are in your possession and use of them correctly
- Notifying any damage or repairs required
- Providing suitable consumables for instruments when they need replacing (e.g. strings, valve oil, beaters, reeds)
- Collection and return unless requested and paid for at the time of ordering.

Is there any financial support available?
It may be possible to include the costs of instrument loan in applications to the Music Education Hub for activities. If you are ordering other activities please check to see if the provision of instruments is included in the cost, in which case you do not need to order separately.

What does it cost?
- £200 per term for a set of instruments (up to a whole class)
- For 2 sets of instruments ordered at the same time £300/term
- For 3 sets of instruments ordered at the same time £350/term
